I spoke with Peppar in Haralson and the poll pads will create a card but the BMDs are not reading the card.

They are able to use the BMD only by using the ballot activation code.

The tech is currently talking back and forth to KnowInk and Dominion. The tech is at precincts at this time and will be calling to give me an update soon.

Paper ballots are being offered and at 7:00am Peppar did tell 3 voters they could either stay or come back later to vote.

I will let you know as soon as I get an update from the tech.

Thanks,

Leigh Combs

I just received a phone call from John Hutcheson of Harrelson County. He says they still do not have their equipment ready for voting and they are turning people away and telling them to come back later. They do not have paper ballots to offer.
